

Are Ripped and Worn Slings Making Your Pool Deck Look BAD?

The knock on sling fabric has always been that it just doesn't hold up well in commercial environments. It looks great when you purchase it but, weakened by sunlight and heavy use, the thin sling fabric stretches and tears, leaving an unsightly and unsafe eyesore on your pool deck.

WE CAN HELP!

Our 2", double-wrapped virgin American vinyl is stronger than sling and gives you the flexibility of choosing from more than fifty colors to match any pool or clubhouse decor! Our commercial-grade welded aluminum frames can be powder coated and re-strapped again and again, giving you like-new pool furniture over and over, at a fraction of costly sling repair or replacement!

MAKE THE SWITCH AND SAVE BIG!

Replace your tired sling furniture during the month of January and save \$500.00 on orders of \$2,500.00 or more, and \$1,000.00 on orders of \$5,000.00 or more!

Give your pool deck the look and durability it deserves...**FOR LESS!**
