

Is Plastic Furniture Making Your Pool Deck Look...CHEAP?

Plastic is great for many things, but as many pool operators will tell you, pool furniture is not one of them. Sunlight wreaks havoc on plastic causing it to discolor and become brittle. This is both unsightly and unsafe! Even the 'high-end' plastic furniture, as expensive as it is, makes your pool deck look, well...cheap.

WE CAN HELP!

It's time to scrap the plastic and get strapped!

Our 2", double-wrapped virgin American vinyl on commercial-grade welded aluminum frames gives you the flexibility of choosing from more than fifty colors to match any pool or clubhouse decor! And, unlike plastic, our frames can be powder coated and re-strapped again and again, giving you like-new pool furniture over and over (and at a fraction of the cost of plastic each time)!

MAKE THE SWITCH AND SAVE BIG!

Replace your plastic furniture during the month of January and save \$500.00 on orders of \$2,500.00 or more, and \$1,000.00 on orders of \$5,000.00 or more!
